2021 Member Enrollment and Non-voting Volunteer Contact Form

I. General Information: *Marion Fire Auxiliary (MFA) is an incorporated public charity with IRS 501c3 status. Its mission is to support the Marion Fire District by ensuring it has what it needs to save lives and property safely and effectively, as well as helping to recruit and retain volunteer first responders. MFA directly solicits the public for charitable contributions and conducts special event fundraisers to finance grants it provides to the Marion Fire District. It is not necessary to become a Member to volunteer at special events. Membership conveys rights like those of corporate shareholders: electing directors each December, voting on decisions regarding fundraisers and grants, and changing bylaws. Membership dues are used to cover expenses not related to MFA's mission, such as awards and memorials, because contributions solicited from the public are used solely in support of MFA's mission. While supplies last, a T-shirt that demonstrates support of the Marion Fire District is available to new members. Membership dues are **\$5 per person**. If you wish to be contacted to volunteer for special events, but you do not want to participate in voting during business meetings, please, fill out this form to provide your contact information and ignore the membership dues.*

II. Personal Information:
